Philadelphia, PA 19148

Re: Grease Recovery Device – Super-FLO GI 2000

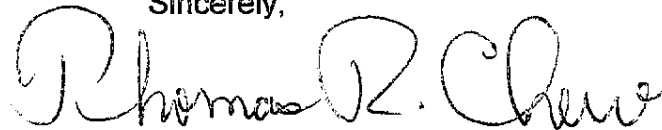

Dear Mr. Tevis:

Just a short note to let you know how pleased the Concord Township Sewer Authority is with the performance of your Grease Recovery Device – Super-FLO GI 2000.

We have written an ordinance around this product and it is a mandatory requirement to install such a device if you are a large grease producer prior to achieving connection to the wastewater collection system.

Your after-sale product follow-up with the customers is also greatly appreciated.

Sincerely,

Thomas R. Chew, Manager
Concord Township Sewer Authority
